Requesting guest campus visits +/- or campus leave:

Due to the brief and intensive nature of PreCollege, leaving during the program or inviting guests to campus is disruptive and strongly discouraged, barring an extenuating circumstance. We work diligently to maintain a safe and healthy community for PreCollege. If an exception is granted, students may not leave campus, even with family members, without prior permission of the PreCollege Director.

Residential students are prohibited from leaving campus without the written permission of the PreCollege Director. [Leave request form](#) / [Parent Visitation Request form](#)
